Welcoming Families in our Services

Gone are the days of sitting on a hard pew being seen but not heard. It is important to us that families feel comfortable and at home. To help this we provide

- * **bible materials and toys, that you can use on the pews**
- * **you can move between the main service and Old Church/Community area, as you and the child need.**
- * **the sound system allows you to hear what is going on.**
- * **the children's' and seating area, allows time out if you need it**
- * **don't worry if you are late, just come and join in, we understand what it takes!**

After any Sunday Service, join us for refreshments, activities, or meet other families. If you prefer, we can arrange a home visit to suit you.
